

Some of the questions we hope to answer this term are...

What is a woodland habitat like?

Which animals live in a woodland?

What is the difference between physical and human features?

Which different types of trees grow in the woods?

What do their leaves look like?

Why are trees so important to us?

Which materials are used for different objects, why?

Where does paper come from?

During this term we are hoping to enrich the learning with...

- Visits to Claybury Woods
- A 'Paper Day' with lots of creative and fun paper based activities

Do you have any experience or information that will enrich our learning journey?

*Please let us know if you can contribute to our learning in any way by talking to your child's class teacher.
